## Our medical water

The Kehida Thermal water is 49 celsius certified sulphurous medical water, and has an anti-inflammatory effect on the skin. It is therefore especially recommended for dermatological pathologies such as psoriasis, acne, seborrhoea, cutaneous allergies and mycosis.

34-36 Celsius certified sulphurous natural thermal water is recommended for rheumatic and muscular disorders, gynaecological diseases and skin ailments. Hydrogen carbonated water is used in case of different diseases like locomotor's and arthritic diseases, rheumatic and gynaecological troubles, neuralgic pathologies.
